Bancroft's Beautiful Flowers

1918

A Barberry Hedge

What work, care and thought, combined with a small investment will do.

In no way can you invest your money, that will bring you such returns as a porch like this. It does not need to be so large and elaborate, but in some way fix up your porch, no matter how small, with our Plants, Shrubs, and Vines.

TO OUR CUSTOMERS

This Is a Catalogue of Dependable Things

We do not sacrifice quality for price. You cannot get something for nothing. Our rapidly growing trade is with the class of people who are willing to pay a reasonable price for merchandise of quality. We do business on this principle—one good plant that grows and blooms is worth half a dozen that are grown so crowded and weak that they never make a good plant, no matter how you pet and fuss with them.

Our list is not as large as some, but you will find that we have discarded the varieties that are not suitable here and list only those we know will prove satisfactory to you.

SERVICE

Service means quality of goods plus the ability to care for your orders in such a manner that you will come again—Our ever increasing trade shows that we have both and we are giving them to our customers.

Any order that does not prove satisfactory in every way we are ready and glad to make it right—if proper claim is made within a reasonable time after time of shipment.

FLOWER AND VEGETABLE SEED

We have this year added a complete stock of the best Flower and Vegetable Seed. Our customers will find them of highest quality—and the varieties are the most dependable that grow.

Errors. If goods received are not as expected, compare with order, read Catalogue carefully, and if we are in the wrong, write us at once. Every just complaint will have immediate attention.

Remit by bank draft, express order, postoffice order or registered letter.

To Responsible Parties goods will be sent on approval.

Plants by Express. Have your plants, shrubs, etc., sent by express when you can possibly do so. Under the new ruling they go at special rates, making the cost very reasonable. We guarantee safe arrival of all goods by express.

A BORDER OF GERANIUMS

NOTICE. Plants By Mail. Add 10 cents postage on all small orders to be sent by mail, prices given in this Catalogue are not prepaid. Postage or express is to be paid by purchaser.

POINTS ON THE CULTURE OF FLOWERS

Treatment of Plants Received by Mail. If plants are Wilting immerse them in water, without removing the packing material and allow them to remain for half an hour. Then unpack and set in small pots in rich fibrous loam, shade from the sun and sprinkle foliage every day, being careful not to overwater the roots until the plants begin to grow, after which they may be shifted to larger pots if necessary.

Soil in Which to Pot Plant. The best soil for most plants is composed of two-thirds goods garden soil, and one-third well-rotted manure, well-mixed up together. If not naturally sandy, it is well to add some sharp sand.

Watering. Whenever the plants are dry, water so that the earth will be saturated, and no more. No water should be allowed to remain in the saucers under the pots except in the case of aquatic plants. Soft-wooded plants require much more water than hard-wooded ones.

Drainage is of the utmost importance. Every large pot should have at least an inch of broken pot, shredded moss or charcoal in the bottom.

Syringing. All plants are benefited by liberal spraying two or three times a week on the under side of the leaf.

Air. Ventilate well every day when air above freezing point can be admitted. Do not allow cold air to blow directly against plants.

Insects. One of the most disgusting of these is the Scale which attacks the Ferns, Palms, Ivies, etc., lodging on the stem and under side of leaf. There is no remedy but scraping off and destroying. A severe scrubbing with an old tooth brush and soap will remove the scale. Mealy bugs lodge in the axils of the leaves and are easily removed by using an old tooth brush. Red spider shows itself in a brown dried condition of the leaves and is an indication of too dry an atmosphere. Sponge, sprinkle or wash the leaves often and thoroughly. The Green Fly or Aphis, is best destroyed by tobacco smoke, if the smoke can be confined about the plants; otherwise a tobacco tea, made by steeping one pound of tobacco stems in four or five gallons of water, can be used. Dip the plants in the liquid, or sprinkle them thoroughly with it; or moisten the plants with water and sprinkle tobacco dust over them, letting it remain until the usual watering washes off.

Worms in the Soil. Lime water will usually expel them without injury to the plant, one part lime to twenty parts of water, and when clear, give one or two waterings.

Mildew. A whitish or moldy appearance of the leaves. It is caused by a sudden change in the atmosphere from great heat to cold, or by a draft from open windows or door. At first appearance dust them with sulphur.

PRICE OF INSECTICIDES

Tobacco Dust. 10 cents per lb.
Tobacco Whale Oil Soap. 20 cents per ½ lb. pkg.
Nicotine Paper. 8 cents per sheet, 4 sheets for 25 cents.
Nicotine Extract. 50 cents per ½ pint bottle. If by mail add 5 cents per lb.

CUT FLOWERS

In design work and loose cut flowers we are better than ever prepared to care for your wants. With 55,000 feet of glass devoted to flowers, our excellent facilities for storing and shipping, we are sure that you cannot do as well elsewhere. We carry on hand the largest stock of seasonable cut flowers in Central Iowa, even in the largest cities few firms carry the stock that we do. Frequently persons are undecided what to order, and at such times you may leave the selection to us, stating what you wish to use them for and the price you wish to pay.

WHEN TO ORDER. Give us as much time as possible. Do not be afraid to order even a week or two ahead. You are sure of getting just what you want. Where an order is not sent in until the last thing, we sometimes have to substitute either in kind or color of flower wanted.

All customers will please notice that orders for early morning shipment must be in the night before. Our postoffice closes at 7 p. m. If you are not sure that your order will reach us before that time, it is safer to wire us. Telephone messages can be sent after 8 p. m. at considerable reduction. It is always best to telephone or telegraph your order when time is limited, as you are then sure of reaching us on time. Don't trust the mails too much; trains are often late and we often do not receive orders on time.

SUNDAY MAIL. If your order is sent by mail for Monday shipment, be sure and affix a special delivery stamp if letter is liable to reach here on Sunday, as we do not receive all our Sunday mail until Monday morning.

HOW TO ORDER. When time is limited, always order by telephone or telegraph. If order by mail is for immediate shipment, please affix a special delivery stamp.

FLOWERS BY EXPRESS. All cut flowers, designs, etc., packed to carry long distance safely, either winter or summer.

RESPONSIBILITY. While we exercise the greatest care to have all flowers reach their destination on time, and will not ship unless we are reasonably sure **they will reach** you on time, we positively will not be responsible for delays in trains, wrecks, or express agents' negligence.

OUR SHIPPING FACILITIES. The fact that the great harvester companies have their general agencies in this city is in itself a sufficient guarantee that there are none better in Northern Iowa.

FLOWERS BY MAIL. On request we often send small boxes of loose cut-flowers by mail, as a rule they reach their destination all right, especially carnations, but much prefer sending by express, as flowers carry better and cheaper. If orders are to go out by mail, add 20c postage which includes special delivery stamp.

TERMS AND CONDITIONS. Cut flowers are strictly cash, and payment must be made immediately on receipt of flowers. We seldom send C. O. D. It often embarrasses those who buy, and it is needless expense.

COMPLAINTS to be allowed must be made immediately on receipt of flowers.

Flowers for the House the Season Through

You enjoy having flowers in the home and having them on the table when you have a few friends in; why not have them oftener? Part of the year you cannot grow them, but we make it easy for you to have them whenever you like, at a small cost. **Our \$1 box of cut flowers sent prepaid anywhere is always suitable whatever the occasion.**

For the home, for a party, or for a sick friend. Just mail us your card and \$1 with the address of the person who is to receive it, and we will do the rest. We know you will be pleased.

Very Important

HOW TO KEEP YOUR CUT FLOWERS

All design work. Leave in the boxes and set in a cool cellar until ready to use.

Loose Flowers. Remove from boxes at once, clip ends of stems and put them in water and set in cellar, using deep vase with plenty of water at bottom, and see that the stems are down in the water. By securing loose flowers early and keeping in water 12 to 24 hours before using, you double the value of the flowers.

Assorted Boxes of loose cut flowers and greens, suitable for any occasion, at \$1, \$2, \$3, \$5 and \$10. Try one of our \$1 boxes for your sick friends. It will surprise and please them, and nothing will cheer them more. Sent prepaid anywhere for \$1.

Tumbler Baskets—Filled with flowers—a most appropriate gift. \$1, \$2, \$3 and \$5 each.

HOLIDAYS

Owing to the extraordinary demand, it is sometimes impossible to give you exactly the kind of flowers ordered. We do our best, but our customers will find we can give better values in mixed boxes of our own selection. \$1, \$2, \$3, \$5, \$10.

DECORATION DAY

One of the hardest days of the year to supply the demand. If the weather is hot and damp, it is a time of poor quality and high prices. We shall endeavor to bill all stock at most reasonable prices, according to quality. Prices from May 28th to June 1st will be about as follows: **Roses**, \$1 and \$1.50 per dozen; extra fancy \$2 per doz; **Mrs. Russell**, \$2 and \$3 per dozen; **Carnations**, \$1 and 1.50 per dozen; **Jasmines**, 50 cents per doz., \$3.50 per 100; **Easter Lilies**, \$2.50 per dozen. **Gladiolus**, \$2 per dozen.

MOTHERS' DAY

Usually observed in all churches the second Sunday in May. Wear a flower for mother's sake, a white one for the mother that is dead, and a colored one for the one who is living. Thousands observed it last year; we hope many more thousands will this. **Carnations**, assorted colors, one-third white, \$1 per dozen, extra fancy, \$1.50 per dozen.

White Carnations alone, our very finest, \$1.50 per doz. **Roses**, \$1, \$1.50, \$2 per dozen. Short stemmed roses, assorted colors, \$1 per doz, \$7 per 100.

FLOWERS DELIVERED To Any Part of The World

We have a representative in, or near, every city, town or hamlet, who will fill and deliver anywhere any order, on short notice, through our co-operative telegraph system.

PATRIOTIC DESIGNS

We are well prepared to handle any order for the funerals of Our Soldier Dead. Any special form made up in a satisfactory manner at reasonable prices. All designs for Military Funerals are draped with finest quality red, white and blue ribbon. We quote two very appropriate and beautiful pieces:

Flag. On panel of Magnolia, \$20, \$30, \$40.

Wreath of White with Cross of Red inside wreath. \$18, \$25, \$35.

In ordering always use telegraph or telephone in preference to letter where immediate shipment is desired.

Special Lodge Designs for Funerals

Masonic Emblem on Easel
with Palm Leaves

Our large and ever increasing trade in this line shows that the people have found out where they can get what they want—designs that are made up properly, both as to form and color, and at reasonable prices. We make up many elaborate ones. We aim to have just what you want, both as to quality and price. Where elaborate designs are wanted we often place the regular lodge form on a shield of Galyx or Ivy leaves with Sago Palm leaves at back. This gives it a beautiful and showy appearance, without being loud and gaudy and out of good taste. Any lodge or other emblem not on our list will be promptly furnished on receipt of description of just what you want. The prices will be reasonable.

Summer Flowering Bulbs

GLOXINIAS

New Giant Flowering Hybrids

Beautiful tuberose-rooted plants of dwarf habit and one of the most useful pot plants for indoor culture. Flowers are trumpet-shaped, borne erect above the leaves and of exceedingly rich coloring and markings.

Use part leaf mold and sand in potting, as they do not like wet soil. Be careful in watering so as not to wet the leaves, otherwise they will spot and the plant will lose part of its beauty.

Emperor Frederick. Red, pure white border.

Mont. Blanc. Pure white.

Defiance. Rich crimson scarlet.

Emperor William. Violet blue with white throat.

15 cents each, 4 for 50 cents, prepaid. Mixed colors, 10 cents each, 3 for 25 cents, \$1 per dozen, prepaid.

FANCY-LEAVED CALADIUMS

Valued for the gorgeous coloring and marking of the leaves. 30c each; \$1 for 4.

CALADIUM ESCULENTUM

(Elephant's Ears)

One of the most effective plants in cultivation for planting upon the lawn, growing 5 feet, with handsome leaves often 3 feet long and 20 inches wide. It will grow in any good garden soil and is of easiest culture. Can be stored in sand in any warm place during the winter. Fine bulb, with live center shoots. Select size bulbs, 2½ to 3 inches in diameter, 12 cents each, 30 cents for 3, \$1 per doz.; postage 5 cents extra. Large bulbs, 3 to 4 inches in diameter, 18 cents each, 50 cents for 3, \$1.75 per doz., postage 5 cents extra. Mammoth sized, beautiful bulbs, 30 cents each, 80 cents for 3, \$3 per dozen; postage 5 cents extra. (Rate of postage is for each bulb.)

TIGRIDIAS

Assorted colors, 5 cents each, 50 cents per dozen.

MADERIA VINE

A beautiful, rapid-growing climber, bearing racemes of fragrant white flowers, 5 cents each, 40 cents per dozen.

MONTBRETIA

Greatly resembles the Gladioli, miniature in growth and produce beautiful spikes of star-shaped flowers in various shades of orange, yellow and red. Mixed varieties, 10 cent for 3, 30 cents per dozen.

Famosissima. Beautiful dark scarlet. Easily grown. 15 cents each.

APIOS TUBEOSA

An elegant climbing plant, growing from 8 to 10 feet high, bearing large clusters of brownish purple, sweet-scented flowers in July. Perfectly hardy. 10 cents for 2, 20 cents for 6.

TUBEROUS-ROOTED BEGONIAS

Unexcelled for summer bedding, such as lawn beds and borders. They should be grown more extensively than they are now, for they require no more care than ordinary bedding plants. They will thrive in partial shade, when fully exposed to the sun the beds must be kept moist.

Single Sorts. White, scarlet, yellow, pink, 10 cents each, 4 for 30 cents.

Single Mixed Colors. 8 cents each, 3 for 20 cents.

Double Sorts. White, scarlet, yellow, pink, 12 cents each, 4 for 40 cents.

Double, Mixed Colors. 10 cents each, 4 for 35 cents.

Souvenir de Bonne. Leaves green; regularly branched with white; bloom large orange red.

Small plants, 15c each; large size, 25 cents.

ACALPHYA MARGINATI

A very ornamental bedding and foliage plant. Foliage variegated bronze yellow and orange. Strong, shrubby grower. 15 cents each; 4 for 50 cents.

AGERATUM

Stella Guernsey. Dwarf; deep blue.

Candeur. Dwarf, white variety.

Princess Pauline. Dwarf, compact habit. Its peculiarity consists of blue and white being combined in the same flower; 5 cents each, 60 cents per dozen.

ALTHERNANTHERAS

Sometimes called Jacob's Coat. Largely used for edging. Yellow and red varieties. 5 cents each, 50 cents per dozen, \$3.50 per 100.

ALYSSUM, DOUBLE SWEET

A low-growing, sweet-flowering plant; excellent for ribbon lines, and a fine, showy basket plant. Pure white and very double. 5 cents each, 50 cents per dozen, \$3.50 per 100.

ASPARAGUS

Asparagus Plumosus

Especially suited for fern dishes. The stem is tufted, slender and gracefully arching. From the upper portions of the branch, which are finer than the fronds of the most delicate fern, spread in all directions. The whole plant is of bright, cheerful green, and one of the most distinct and effective decorative plants, of easy culture, thriving best in full light, but not direct sun. After the plants become large, they throw large tendrils 4 to 6 feet long, which are beautiful for decoration. 15 cents each, 4 for 50 cents; larger size, 20, 30 and 50 cents.

ASPARAGUS SPRENGERI

A grand trailing plant, especially useful to grow as a pot plant for house decoration or for planting in hanging baskets or window boxes, where it makes a graceful, drooping plant with branches or fronds 4 to 6 feet in length, of a rich shade of green; valuable for cutting, or decorating, as it retains its freshness for weeks

after being cut. 15 cents each, 50 cents for 4; large plants, by express, 20 cents, 30 cents and 50 cents each.

Asparagus Sprengeri

AZALEAS

For the conservatory or home decoration these beautiful and highly ornamental ever-green plants are unequalled. They are useful alike for the adornment of the greenhouse and parlor, and they make a beautiful dining table ornament.

We have a few excellent plants left over from last year's import in the different colors. \$2 and \$3 each.

ARAUCARIA EXCELSA (Norfolk Island Pine)

Some have called it the "Christmas Tree Palm" from its resemblance to the Christmas tree, and others have called it the "Star Palm," because the leaves are arranged to form a perfect star. Deep green, feathery foliage arranged in whorls. On account of war conditions there is no small size Araucarias, as small plants are all imported from Belgium. Fine plants, \$3 each.

BEGONIAS

These are the finest conservatory plants and very popular for window decoration. They can be grown as easily as weeds. Give light, open soil composed of rich loam, woods earth, peat and sharp sand; they should have a moist atmosphere and shade in the summer. No plant will give better satisfaction.

Argentea. Guttata. Oblong; purple bronze leaves with silver markings; white flowers.

Luminosa. Foliage reddish brown, flowers dark scarlet.

C. Lucerne. Green pointed foliage, dotted white, flowers in large clusters, red.

Vernon. Deep red, changing to clear rose; foliage green, shaded with bronze; good bedder.

Rubra. Flowers large, ruby red; glossy and wax-like. Leaves are dark green.

Otto Hacker. Strong, vigorous grower; large deep green leaves, flowers bright red.

G. D. Chatterlaine. Bright pink, in flower almost continuous.

Marg. Daw. (Trailing.) Large clusters of bright pink flowers.

Price of Shrubby Begonias. Small size, 15 cents each, 4 for 50 cents. Larger size, 25 cents each.

REX BEGONIAS

The high coloring and exquisite markings of Rex Begonias make them invaluable as decorative plants for house culture; are excellent for baskets and vases if given plenty of moisture and not exposed to the full sun.

We have a number of the most showy varieties. Small plants, 20c each; large size, 35c each.

CROTONS

Crotons are among the finest decorative plants. The leaves are more or less veined and margined and sometimes entirely variegated with shades of yellow, orange and crimson; some have long, narrow leaves, arching gracefully, fountain fashion; others are broad and short, oak-leaved. Some recurve very much; others are twisted corkscrew-like. They like peat, sunshine and moisture. 25 cents each; large size, 50 cents each.

CALLAS

Dwarf Calla, the Godfrey. It far surpasses the common variety in freedom of bloom. Snow white and of perfect form. Blooming size, 25 cents each; large plants, 50 cents each.

Elliotiana. Yellow calla (very beautiful). 35 cents each.

Aethiopica, or common Calla. Excellent house plant, requiring an abundance of water during its growing season. Strong plants, 20 cents, 30 cents and 50 cents each, according to size.

Spotted Leaf. Resembles the White Calla, but is of a somewhat smaller habit. Leaves glossy, deep green, with numerous white spots, making it very ornamental, even when not in bloom. Large, 25 cents each, 60 cents for 3; small size, 15 cents each.

CUPHEA TRICOLOR

Flowers tubular in shape and about 2 inches long and combine three distinct colors in each flower: red, blue and white. 15 cents each.

CYCLAMEN

Giant Flowered. Most beautiful and decorative of all pot plants, for winter and spring blooming. Foliage broad, massive and graceful, of dark green, beautifully variegated with silver and rose. The immense, fairy-like flowers are carried on long stems and produced in profusion for several months; quite fragrant. We have a fine stock, first size, separate colors, suitable for next winter's bloom, at 15 cents each, 25 cents for 2; second size, 25 cents each. Large size in fall, 50 cents, 75 cents, \$1 and \$1.50 each.

Cyclamen.

**CYPERUS ALTERNIFOLIUS
UMBRELLA PLANT**

A pretty, unique and striking object of very easy culture, growing and thriving under almost positive neglect. Being an aquatic, it is at home in the aquarium, but succeeds equally well as an ordinary pot plant if an abundance of water is given. Next to palms, the plant deservedly takes rank among the most useful foliage plants for inside culture. 15 cents, 25 cents and 50 cents each.

CARNATIONS

In no plant has the improvement of quality and quantity of bloom been so marked in the last few years as in the Carnation; they are almost as much sought after as the Rose for cut flowers. The new varieties here listed are sure to please. The Carnation makes beautiful pot plants for the window in winter.

Plant in the open ground as soon as the ground can be worked in spring. If wanted to flower during the summer and fall, as soon as the flower shoots appear, tie to small stakes; if wanted for winter blooming, the flower shoots should be pinched off until about the middle of August; by that time they will have made very strong, bushy plants. Take up and pot before September first and keep shaded and close for a few days, when they will be ready for removal to the conservatory or window, where they are to flower.

Our list of varieties are the best on the market. There is not a poor one in the lot.

The Very Best STANDARD VARIETIES

Beacon. Blooms early; scarlet, with a tint of orange; stems long, stiff and wiry; the calyx is long and does not burst.

Enchantress. A splendid light pink, deepening toward center; far superior to any light pink yet sent out; stem strong and stiff, blooming very early, free and continuous.

Mrs. M. A. Patten. White, beautifully marked with pink; an early bloomer of large size on stiff, erect stems.

Mrs. C. W. Ward. A grand deep pink; strong, upright grower and good bloomer.

White Wonder. A greatly improved White Perfection, much more bushy in growth and more prolific.

White Enchantress. Identical with its parent, except in color; has the same size and blooming qualities.

Zoe Simmonds. Clear pink, a beautiful sort, flower fringed, strong, erect grower and a good bloomer.

Yellow Prince. Clear yellow, faintly striped carmine—the very best of its class. 15c each.

Decorah. Strong, upright grower; dark crimson, large size flower, the finest of its color.

Benora. Erect grower, clear white, striped carmine. 15 cents each.

Enchantress Supreme. Darker than Enchantress, same habit of growth.

Aviator. Medium size, intense bright scarlet, very prolific bloomer. 15 cents each.

Matchless. Fringed white. Dwarf, sturdy grower, very fragrant.

Belle Washburn. Largest size, clear dark scarlet. Good grower and bloomer. 15 cents each.

CHRYSANTHEMUMS

The Chrysanthemum is, without doubt, the queen of autumn flowers. Their large flowers of every character and form attract the attention of all who are interested in flowers. They are the most popular show flower. We are continually adding new varieties to our large stock, and offer the cream of the best standard sorts of fine, well-grown plants. Compare our list with any specialist.

(T. Eaton)

Those wishing large quantities to grow for shows should write us, stating the quantity desired, and we will make you special prices and guarantee you satisfaction.

FEEDING. After September 1st, all plants should be fed about once a week, alternating with weak manure water (at the rate of one pail of manure to a barrel of water) and ammonia water (at the rate of a tablespoonful of ammonia to a pail of water). After buds commence to open, feed but little, and that very weak.

WHEN TO PLANT. Any time after the ground can be worked.

SOIL. Dig the ground deep. Put in quantities of manure as the Chrysanthemum is a gross feeder.

DISBUDDING AND STOPPING. When your plant is 6 to 8 inches high, cut back to a height of 4 inches. Allow one flower to a stem. If you want fine flowers, do not be afraid to cut off all the side buds. Leave only the center bud on each stem to mature.

WHEN TO LIFT. In this locality plants should be lifted into large plants or boxes by August 20. After lifting, drench thoroughly and never allow them to suffer for water. Give them manure water, if possible, once a week. If protected they need not be brought into the house until well in October, and when brought in, place in a room without fire, and give plenty of air, when not frosty.

GREEN AND BLACK APHIS. There is no remedy for this troublesome pest except tobacco in some form, either smoke or tea. We use

Aphis Paper almost entirely to destroy the green and black aphids indoors. Price, 5 cents per sheet. Tobacco dust for sprinkling on indoors, 15 cents per pound.

For price of Chrysanthemums see next page.

COLEUS

Every lover of foliage should have a bed or border of these. They are fine for edging or massed by themselves. The Coleus will give more pleasure at less cost than any other plant; the varied tints of crimson, gold, bronze and green, and richly blotched, veined or margined colorings produce a brilliancy unequalled. They fit in with most any design or planting on the lawn. Very tender, and therefore should not be planted until all danger from frost is past.

The number of varieties is so large and varied that we only attempt to describe the standard bedding varieties.

Anna Pfister. Pointed leaves with deep scalloped edges. Bright golden yellow, intermingled with green and crimson. Dwarf.

Blackbird. Leaves and stems almost jet black with fringed edges.

Beekwith's Gem. Four shades of color, center maroon, bordered red; edge green with point of yellow.

Golden Bedder. Yellow. This is the best Coleus for bedding; deep gold in the sun. Dwarf.

Mrs. F. Sander. Larger, creamy white center, bordered with green; blotched crimson.

Firebrand. Flaming red; fine bedder.

Golden Verschaffelti. Upper side of leaf rich yellow, reverse tinted red. A splendid bedder.

John Good. Extra strong grower; leaves light green spotted yellow.

Mrs. Carolin Beck. Yellow and green; improved Snowcrest.

Verschaffelti. The oldest, still one of the best, rich velvety crimson.

Brilliancy. The finest Giant Coleus ever offered. Bright carmine shading to deep maroon margin of leaf yellow and green; leaves have a rich velvety luster giving a most beautiful effect; habit strong and vigorous. 10 cents each; large size, 20 cents each.

Kaiser Wilhelm. Large, broad foliage of crimson maroon, pink and bright green. 10 cents each.

PRICES OF COLEUS

A Bed of Cannas Bordered With Foliage Plants.

CANNAS

No bedding plant equal to the Cannas; are easily grown, and attain large size in ordinary soil. Plant in good, rich garden soil, about the end of May, when all danger of frost is past. Water sparingly for first two weeks after planting. Set the plants 18 inches apart each way, and where more than one kind is used, be careful to set the dwarf growing varieties at outside of bed. Should be taken up in the fall when the tops are killed by the frost, and stored away in a dark, cool place. Our stock is very large, number many thousand, and all true to name, each variety being the best of its kind.

A BED OF CANNAS

There is nothing more beautiful than a bed of Cannas, with their gorgeous flowers of all colors, which are produced above their rich, glossy foliage. No park or landscape planting is complete without several beds of these indispensable plants. Aside from the fact of its magnificent foliage display, it is exceedingly valuable on account of the great clusters of flowers which are produced the entire summer.

Many of our customers, appreciating the decorative value of the plant, and aware of its value in producing rich effects in the lawn or garden, want Canna beds, but are undecided as to what varieties should be included. For such we have prepared the following selections. These will be a great advantage to you in obtaining the result you desire:

For a round bed, 7 feet across, take 19 plants for outside row—19 plants of our selection \$2.40.

For a round bed 10 feet across, take 37 plants, four varieties—37 plants, our selection, \$4.50.

For a rectangular bed, 5x8 feet, 25 plants, three varieties—our selection, \$3.25.

For oblong bed, 5x8 feet, 24 plants, three varieties—\$3.25.

For a round bed, 13 feet across, 61 plants, 6 varieties, strong plants, our selection, for \$7.00. The above prices on Canna beds are by express, at purchaser's expense.

Firebird

CANNAS, NEW OR SPECIAL VARIETIES

King Humbert, King of all Cannas
Giant Flowered. Orange Scarlet. Bronze Leaf.

This remarkable "Gold Medal" Canna has been the sensation for years. Of all the Cannas introduced, this one takes the lead for size, color and habit. It is a cross between the Orchid flowering and the French or Crozy type, combining the best features of both the large flowers of the one with the free-blooming character of the other; the handsome leathery foliage with a strong, noble habit. It has the broadest leaves. 20 cents each, 5 for \$1.00, 12 for \$2.25.

Firebird. A remarkable variety, perfectly formed florets, brilliant cardinal red, deep green, leathery foliage; dwarf stocky habit. 30 cents each; 4 for \$1.00.

Yellow King Humbert. Identical with King Humbert, in habit and growth, and flowering produces yellow flowers dotted red and has green foliage. 35 cents each; 3 for \$1.

Gold Bird. A yellow companion to Firebird; flowers of large size, soft canary yellow. 30 cents each.

Panama. Dwarf habit. Flowers large, rich chestnut orange, bordered deep yellow. 20 cents each.

ECHEVERIA

A little, succulent plant, commonly called "Old Hen and Chickens." Use in parks and cemeteries for ribbon beds, borders and lettering. Each 10c, dozen, \$1.00, \$5.00 per 100.

SERVICE

Service means quality of goods plus the ability to care for your orders in such a manner that you will come again. Our ever increasing trade shows that we have both and we are giving them to our customers.

A Select List of the Very Best Dahlias

The Dahlia is now taking first place among autumn-flowering plants; this is largely due to the splendid new sorts that are being brought out in the Cactus and Decorative class. There is nothing that can equal them in range of color and abundance of bloom. Any good, rich garden soil, not too wet, will grow good Dahlias. Show and Decorative types are the smoother petals. Cactus are the curled and twisted petals as shown in cut.

Plant Dahlias in open ground, about the middle of May, if the weather is favorable. If the ground is at all cold and wet defer planting until later date. With us, the started plants have proved as good as the tubers. In fact, they come into bloom more quickly than the tuber and are cheaper.

Always stake your Dahlias as soon as they are tall enough, using a good stout stake at least 4 feet high. In the fall, after hard frost, cut the tops off which 3 inches from the ground, take up and store in a cool cellar free from frost.

ENGLISH DAISY

Beautiful little border plants, which bloom thru the summer when planted in a shady situation.

Double Pink and Double White. 5 cents each, 50 cents per dozen.

Daisy Marguerite. See Marguerite.

DRACAENA INDIVISA

Beautiful window and greenhouse plants, thriving in a warm, dry room. Should have their leaves sponged off once or twice a week. For general decorative purposes, this is one of the best plants we know. It is of graceful habit, and an exceedingly rapid grower, and is not affected by the sunshine, drought or storm. It forms a palm-like tree and does equally well either indoors or in the open ground; is especially suited for center of vases, baskets and window boxes. Small size, 25 cents; larger size, 50 cents and 75 cents each.

Dracaena Terminilis. Broad ribbon-like leaves, of richest shades and colors, enjoys heat and sun, suitable for vases, baskets and boxes. 50 cents and \$1 each.

Price, 15 cents each; 2 for 25 cents; larger size, 20 cents each.

FORGET-ME-NOT

These quaint, neat, low-growing plants love cool, moist soil, and, like pansies, bloom most freely in fall and early spring, producing star-like, light blue flowers. Excellent for borders, edgings, or will bloom nicely in winter in a cool room in pots. Needs shade in the summer. 5 cents each, 60 cents per dozen.

FICUS ELASTICA (India Rubber Plant)

This has become a general favorite as a house plant because the large shining green leaves endure the dry air of a living room as well or better than any other plant. Our plants are very choice and will add much to the room in which they are used as a part of the decorative scheme. Plants 1 foot high, 60 cents each; 18 inches high, \$1 each; 2 feet high, \$1.25 each; 2½ feet high, \$1.75 each.

FEVERFEW

One of our finest bedding and vase plants, giving an abundance of double white flowers, one inch across. 10 cents, 20 cents and 30 cents each, \$1, \$2 and \$3 per dozen, according to size.

HYDRANGEAS

These beautiful shrub plants are valuable for lawn or porch decoration when planted in pots or tubs. The large clusters of flowers resemble those of the Snowball, being larger and remaining on the plant from two to three months.

Otaska. Bright pink, sometimes tinted blue; dwarf, sturdy habit; profuse bloomer; smaller than the others.

Thomas Hogg. Large, pure white, free bloomer.

Small Plants of the above, 15 cents each; larger size, 25 and 50 cents each; splendid specimen plants \$1, \$1.50 and \$2 each.

Price of Hibiscus: Small plants, 20 cents each;

3 for 50 cents; large size, 30 cents and 50 cents each.

IVIES

English. An old favorite vine; hardy in the South, but will not stand our Iowa winters. Large, 25 cents and 50 cents.

Kenilworth. An old familiar trailing Ivy. Perhaps the best for shaded places or rooms where light is not strong. Each, 10 cents.

German. Well known Ivy which is very popular as a plant for hanging baskets and vases. Easily grown. Each, 10 cents, 3 for 25 cents; large, 25 cents each.

FERNS

Ostrich Plume Fern. (Whitmani.) Unquestionably, the most valuable type yet introduced. Of compact habit, the pinnae are deeply divided, giving the plant a very graceful appearance. Small plants, 25 cents each; strong, 5-inch pot plants, \$1 each; extra fancy specimens, \$1.50 and \$2 each; medium size, 50 cents each.

Boston Fern. The most popular house plant in cultivation. In well known specimens, the fronds attain a length of 6 or 7 feet, like plumes arching over in a most graceful manner. A very fine plant for hanging pots or baskets or window boxes in the summer, and conservatory in the winter. First size, 15 cents each, 50 cents for 4; second size, 25 cents each, \$1 for 5; third size, 50 cents each; fourth size, \$1 each. Beautiful specimens, \$1.50, \$2 and \$3 each.

Dwarf Boston Fern. (Scotti.) Of more dwarf and bushy growth than the preceding. Fronds droop gracefully and are not so long and coarse and the leaves are more crinkled. A rapid and easy grower. 25 cents, 50 cents and \$1 each.

Giant Boston Ferns Roosevelti. Is a stronger grower than the Boston fern—long, heavy leaves, having a wavy appearance. Strong plants, 25 cents and 50 cents each; 5-inch pot plants, \$1 each.

Dwarf Boston Fern. Teddy Jr. A dwarf type of the Roosevelti, fronds broad and beautifully tapered and are of wavy appearance. A beautiful fern and well worthy of trial. 25 cents, 50 cents, \$1.00 each.

GERANIUMS

A BORDER OF GERANIUMS PLANTED 12 INCHES APART

The Geranium is the most popular plant for bedding purposes, and deservedly so, as they continue to bloom profusely in the hot summer months when other plants are scorched by sun and dry weather. They possess great variety and brilliancy of color. The new double varieties bloom as freely as the single and make as fine bedders, being more durable, and are also valuable for cut flower work. They are also indispensable for the window garden in winter, blooming continuously. Each variety listed in our collection has a distinctive feature from all others.

Our list of flowering Geraniums will be found very large and complete; in fact, it is one of the largest and finest in the West. We have taken great care in selecting the different varieties showing distinct characteristics of their own.

For massing in beds and for window boxes and vases, no varieties excel B. Poitevine, S. A. Nutt, Abbie Schafer, Countess, A. Richard, E. H. Trego, Madame Chevalier, Jaqueri, Mrs. Hill, Telegraph, Jean Viaud and Bruanti in their respective colors.

SPECIAL NOTICE—Have your Geraniums shipped by express—it takes a long time for them to get over mailing.

SCENTED GERANIUMS

Exceedingly useful on account of their fragrant foliage and largely used in baskets and bouquets. Also used for making up toilet waters, fragrant jars, etc.

M. D. Montmort. Deep purple.

Madam Charlotte. Rosy salmon.

HOW TO HAVE A GOOD BED OF GERANIUMS

Plant in medium soil, not too much sand or manure. See that they are in a bright sunny place. After they once become established do not over water as this will have a tendency to make them go to leaf growth; when weather becomes very hot a light mulch is beneficial. Always keep soil around plants stirred to a depth of at least one inch. Keep plants free from all old flowers and leaves and if any of plants become ungainly pinch off ends of long shoots.

PRICE OF ALL GERANIUMS (Except

Noted). Small plants 2 inch pots, 10 cents each, \$1 per doz., \$6 per 100; second size from 3 inch pots, 15 cents each, \$1.75 per doz., \$10 per 100; third size, 4 inch pots, 20 cents each, \$2.20 per doz., \$14 per 100. Extra large for window box and vase use, 25 cents each, \$2.50 per doz.

Cycas Revoluta. (Sago Palm.) The stems of this variety are similar in shape to a pineapple; leaves grow in whorls at top. \$1, \$2 and \$3.

Areca Lutescens. A most elegant Palm. It is easily grown and is useful in every state of its growth; fine color, graceful habit, stems golden yellow, tall grower. 50 cents, \$1, \$2 and \$3 each.

Latonia Borbonica. (Chinese Fan Palm.) One of the most desirable for general cultivation. Especially desirable for center cases, etc. 50 cents, \$1 and \$2.

PANSIES

The Pansy begins to bloom in February and continues until late in the fall. Should be placed in very rich soil and watered freely. We offer a fine collection of carefully grown, from pots, that are sure to give satisfaction and bloom freely.

Giant Varieties. Colors separate. 60 cents per dozen.

Our Special Mixture. Containing a fine mixture of all varieties. 60 cents per dozen, \$4 per 100.

POINSETTA

This beautiful Christmas-blooming plant is the admiration of all who see them. Would not advise you to buy the before November, securing the plant in full bud, ready to bloom. A description of the plant is hardly necessary, as you have all seen pictures and descriptions in the magazines. Price for Christmas-flowering, strong, 4-inch pot plants, 50 cents each; pans made up of 3 plants, \$1.50.

TRADESCANTIA (Wandering Jew.)

Fine for hanging-baskets, vases, etc. Easily grown if given plenty of water.

Multicolor. Foliage brightly marked and striped white, rose, pink, bronze and green. 10 cents each.

Sepens Vittata. Leaves bright green, striped with creamy white. 10 cents each.

Pelargonium or Lady Washington Geraniums

Showiest mass of bloom produced on any soft-wooded plant that we have. The flowers are of good substance beautifully ruffled and fluted while the colors are perfection in gorgeous shades and markings and of great size and much better bloomers than the older varieties.

Mad. Vibert. Ruffled flower, fiery red, with black blotches.

Green Variety. Similar to the variegated, but leaves beautiful dark green. 10 and 20 cents each

RUSSELLA ELEGANTISSIMA

A very striking semi-trailing plant, especially adapted for hanging-baskets, vases, window-

boxes, etc. Skeleton-like in growth, throwing long spikes of rush-like branching foliage two-thirds of a foot long, which are literally covered with brilliant coral red flowerets. 20 cents each, 3 for 50 cents.

VIOLETS

The Violet is so well and favorably known that an extended description of its characteristics is hardly necessary.

Hardy Russian. Single, deep blue; perfectly hardy; good bloomer, fall and spring, 10c.

Princess of Wales. Another grand new Violet. Large single flowers of true blue. Strong, stiff stems; fine for cutting; intensely fragrant. 10 cents each.

SWAINSONIA ALBA

Spikes of pure white flowers from 4 to 6 in. long in greatest abundance the entire year. Resemble small sweet pea. Last well when cut. 15c each, 50c for 4.

SMILAX

There is no climbing plant in cultivation for winter use that surpasses this in the graceful beauty of its foliage. It is indispensable for cut flower work and its hard texture enables it to be kept without wilting for several days after being cut. Of no use outside in summer. 10 cents each; larger size, 20 cents each.

SALVIAS

The Salvias now rank with the geranium in importance as a bedding plant. These French varieties are especially valuable on account of their dwarf and compact habit, and coming into bloom in mid-July.

Clara Bedeman. Tall, upright grower; spikes grow erect.

Fireball. Dwarf, compact habit; very free flowering. Flowers brilliant scarlet.

Zurich. The dwarfiest and earliest of all the Salvias, being constantly in bloom.

Globe of Fire. Very early and free flowering and of dwarf, even habit.

ROSES

The popularity of the Rose is greater today than ever before. Other flowers are in favor for a year or more and then are practically forgotten, but the Rose is never in danger of being superseded by any other flowers. New varieties are being introduced each year, which in some respects are more desirable than the old ones. We call special attention to our plants in 4-inch pots for immediate effect; they are sure to please and will give entire satisfaction. All our Roses are carefully grown, clean, healthy plants, and whether you pay one dollar or four dollars per dozen, we assure you that you will receive full value.

CULTURAL DIRECTIONS

In selecting a location for a Rose-bed, do not choose one where they will be shaded by trees or buildings, as the Rose delights in an open, airy situation, with plenty of sunshine. Roses are very partial to clay loam soil, but will do well in an ordinary soil, if enriched with well-rotted barnyard manure. In preparing the bed, dig it up thoroughly to a depth of 12 to 16 inches, as rose roots penetrate deep when they have a chance. In forming the beds, do not elevate them above the ground surrounding them, as they will suffer more from drought. After the plants are set out keep the soil loose to a depth of an inch or two by frequent stirrings. An occasional soaking with weak manure water is a great help to them.

Culture for Winter Bloom. Keep in a room with temperature 60 to 65 degrees, with all the sunlight possible to obtain. Sprinkle under side of foliage every morning if sun is shining. Do not sprinkle on cold, dark days unless the atmosphere of the room is very dry. As soon as the bud is matured, cut the stem down to within 3 or 4 inches of the main stalk. Soil should be a good, rich clay loam. Use rotted cow manure in soil. A little weak manure or ammonia water at the roots once a week is very beneficial if plant is growing strong.

Insects and Diseases. Greenfly is easily subdued by dusting the leaves with powdered tobacco. The rose-slug is quickly killed by dusting insect—the whole plant, in fact—with road dust on a sunny day. Mildew, which affects the leaves in the early spring and fall, is due to the variable temperature. For this dust powdered sulphur on the leaves. Roses must be syringed thoroughly every sunny day. In the morning is preferable.

Roses by Mail. Unpack immediately. Do not expose roots, but place at once in a shallow dish of tepid water. Toward evening carefully plant in a good mellow soil, thoroughly firming the moist earth around the plant. Shade from the mid-day sun just after planting. If you can possibly avoid it do not have your plants sent by mail—the small amount of express you have to pay will be more than made up on the extra values of plants we will send you.

Roses by Express. They are usually packed with all or part of the earth adhering to each plant. They invariably arrive in good order. If the balls of earth are dry, hold carefully in a pail of water for a moment, then firm the earth carefully around the balls. Never plant a rose when dry at roots; always soak before you put in the ground, then firm the soil thoroughly around them and water again.

TENDER CLIMBERS

Climbing Meteors. Flowers large and beautifully shaped. Rich, dark, velvety crimson.
Mrs. Robert Peary. (Climbing Kaiserin.) Flowers creamy white, similar to Kaiserin.
Climbing Clotilde Soupert. Makes very rapid growth. Color ivory white, shading toward the center to silvery pink.

THE ROSE FOR EVERYBODY
KILLARNEY

STANDARD TEA ROSES

Suitable for summer planting. The flowers are much larger and more perfect than the preceding list but not in such quantity.

American Beauty. For immensity in size, rich color, exquisite form and delicious fragrance, it stands without an equal. It is a quick, bushy grower. Color is a rich, rosy crimson, shaded and veined in the most charming manner. 20 cents each, 50 cents for 3; larger size, 40 cents each; extra large, two-year-old 50 cents each.

Bessie Brown. Flowers profusely throughout the summer. Color pure white.

Etoile de France. Strong grower, of a lovely shade of red.

Sunburst. Varies from light yellow to almost a copper color, shading deeper toward the center.

My Maryland. A grand bedding Rose; a decided rose pink; good free-branching.

Mrs. Aaron Ward. Buds copper, deep golden orange, shading outward to a creamy yellow.

Maman Cochet. Rich, healthy foliage, long stout stems, extra large and full. Bright rose.

Pink Killarney. The great Irish Rose; of robust growth and very free-blooming; the flowers are large, the buds very long and pointed. A delicate shell pink, with fine, satiny petals.

White Killarney. Identical with above, except color, which is pure white.

Hoosier Beauty. Magnificent color. Rich crimson scarlet. Velvety texture. Double, and very free.

Opheelia. Clear, bright salmon, often deepening toward golden pink; wonderfully fragrant, with long pointed buds and stiff stems. Large, handsome foliage.

Mrs. Charles Russell. (Called Russell Beauty.) A strong growing Rose. Foliage heavy and leathery, inclined to slightly curl on the older wood; is almost mildew proof. The bud is fully as large as American Beauty, but longer and pointed, and opens into a flower of unusual beauty. The color is a bright rose pink, deeper in the center. 25 cents each.

Milady. Similar to Richmond in color, but far richer in the bud. Large and double. In form and fragrance it resembles Gen. Jacqueminot. Strong and sturdy in habit with excellent foliage.

White Maman Cochet. Identical with Maman Cochet except in color, which is pure white.

Richmond. Strong grower; flowers are large and pointed, beautiful rich crimson; rather single in hot weather, but if cut in tight bud will keep well and open out very beautiful.

PRICES OF ALL TEA AND EVERBLOOMING ROSES

BABY RAMBLERS

All perfectly hardy and wonderful blooming qualities. Grow about 24 inches high, are ideal for bedding out as they flower almost continuous. Flowers in clusters like Crimson Rambler.

Red Baby Rambler. Plant vigorous, foliage dark and glossy. Flowers rich crimson.

White Baby Rambler. Large clusters of small double flowers; fragrance similar to Hyacinths.

Jessie. An ideal Rose, possessing bright green foliage exempt from mildew, and a bushy branching growth; bright cherry crimson.

Baby Dorothy. (Pink.) A dwarf form of Dorothy Perkins, continuing the family virtues and pink.

Baby Tausendschoen. Similar to the climbing variety, its charm lays in the variable coloring, changing from white to shades of pink.

Geo. Elger (Yellow Baby Rambler.) Pointed buds in clusters open up full and double, a good companion to the other Baby varieties.

Price of Baby Ramblers: Small plants, 20 cents each, 3 for 50 cents; 1 year old, 40 cents each, 3 for \$1; 2 years old, 75 cents each. Extra large specimens, \$1 each.

Hardy Hybrid Perpetual Roses

These are considered the most valuable of all the Roses. Their large flowers are very fragrant and of all colors known to the Rose. For permanent beds in northern and middle states, nothing can surpass them. We have listed only the varieties that are the best and most hardy, and know they will give satisfaction to our customers.

Knowing that there is a greater loss of Hardy Roses than any other dormant plant, it shall be our earnest endeavor to supply our customers with the very best plants possible, guaranteeing them to be in good condition when they leave our hands, but will not be responsible for loss in growing them. If you want to be sure of every one, buy our pot grown plants, ready May 10th.

HOW TO PLANT—VERY IMPORTANT

When planting, care should be taken to set plants deeply, planting them at least 2 inches below first point or branches and pounding the soil firmly around the roots. Don't crowd the roots, but dig a good, large hole, spreading out the roots; work the soil around the roots and pack firm as you fill the hole. When about two-thirds full of soil, give thorough watering, then when water soaks away, fill up the hole and firm the soil with your boot. Never for an instant expose the roots to the hot sun. If weather is very warm, protect the dormant tops with straw, sacking or other protecting material, until the tops swell, gradually accustoming them to the light and air. By carefully observing above you will have no trouble to make your dormant plants thrive, where by careless planting and after-care, one-half will die.

Winter Protection for Rose Plants. This may be done with material most convenient at hand, such as leaves, straw, light manure, street sweepings, pine and cedar boughs, etc. Large Rose bushes will stand several degrees of frost and the covering should not be put on until winter has set in.

How to Make Roses Bloom. In the axil of each leaf is a latent bud. Should the long, strong shoots or branches be placed and kept in a horizontal position, each latent bud will produce many flowers. Cut wooden hooks and peg the long, straight shoots firmly to the ground. These branches will not only flower, early and late, but will make robust wood, which can be treated in the same manner the following spring. Monthly and Hybrid Roses can thus be made to bloom continuously.

When to Order. Place your order early. Don't wait until late and expect specially selected stock, unless you buy pot-grown plants.

Suckers. Always remove any suckers that come up at sides of plants—they are from the root graft of the rose, and they will not bloom and only rob the vitality of the plant.

HARDY ROSES—Continued.

Baroness Rothschild. Of immense size and fine form; very solid; bright rosy pink.

Coquette des Alpes. White, tinged with carmine. Very fine, free bloomer.

ROSA RUGOSA

The lovely Ramanas or Rugosa Roses are sturdy bushes, 3 to 5 feet in height, and are covered with glossy green foliage and clusters of beautiful single flowers, which emit a fine odor. They bloom continuously and are covered during autumn with bright red pods.

Alba. White. **Rubra.** Red. **C. F. Meyer.** Clear, silvery rose; large and fragrant. Price, 40 cents, 3 for \$1.10.

SPECIAL COLLECTION OF HARDY ROSES

Everybody loves hardy Roses but many have been disappointed by getting varieties that winter kills. We want to please our customers and will pick out three perfectly hardy varieties, our selection, all strong, two-year-old plant, for only \$1, by express collect.

POT-GROWN HYBRID PERPETUALS

Owing to weather conditions dormant Roses are hard to start in the spring. There are also many who neglect planting at the proper time for dormant plants. After May 10 we have in stock nearly all the varieties of Hardy Perpetuals in list—two-year-olds, at 50 cents each. These can be planted at any time during the spring or summer.

SMALL POT-GROWN HYBRID PERPETUALS

Are all on their roots and will make you a good permanent bed. We have a limited stock of the standard varieties, 3-inch pot plants, at 20 cents each, \$2.00 per dozen.

HARDY YELLOW ROSES

Persian Yellow. Perfectly hardy. Flowers double, full and deep golden yellow in color; finest hardy yellow rose. Strong 2-year-old plants, 40 cents.

MOSS ROSES

A class of Roses which are much admired. The beauty of the flowers consist in the delicate mossy covering which surrounds the bud. **Blanche Morea.** Pure white, sometimes shaded with rosy blush.

Salet. Light rosy pink; extra free bloomer.

Crimson Globe. Dark crimson; best in its class.

Henry Martin. Deep pink. 40c each. \$1 for 3.

JAPANESE TRAILING ROSES

Wichurian Type

Wichuriana. Single, pure white; blooms during June and July. Foliage almost ever green.

Manda's Triumph. Double, white flower, produced in large clusters on long shoots. 30c

Universal Favorite. Double, light pink. 30c.

HARDY CLIMBING ROSES

This class of Roses is much esteemed for training over arbors, porches, fences and other objects. They blossom profusely, the wealth of flowers almost covering the branches. Very little in the way of pruning is necessary, and the plants are perfectly hardy.

Dorothy Perkins. The best of all climbing Roses. In strong, vigorous growth. Flowers are borne, in clusters, are of a beautiful shell pink, full double, and of a large size for a cluster Rose.

White Dorothy Perkins. A seedling of Dorothy Perkins having every desirable attribute of its parent and bearing magnificent clusters of gleaming white flowers.

Veilchenblau, or "The Blue Rambler." A real violet blue Rambler Rose. The flowers are steely blue. The buds show considerable red, but change quickly as they open.

Crimson Rambler. Everybody knows this Rose now, because none can help remembering it if ever a good plant in bloom meets the eye. Magnificent and hardy everywhere.

Lady Gay. A seedling from Crimson Rambler, and closely resembling it in habit of growth, but the flowers are a delicate cherry pink, which gradually changes to soft-tinted white. Two-year-old plants.

Flower of Fairfield. Perpetual flowering Crimson Rambler. Its flowers, which are produced in profusion, are of a fine, crimson color. The growth is vigorous, flowering freely throughout the season.

Philadelphia Crimson Rambler. The flowers are perfectly double, completely covering the

bush. The color, deep rich crimson, brighter than the old variety, does not fade.

Tausandschon. Means Thousand Beauties, and is a very appropriate name for this great novelty. The colors run from delicate rose through shades of bright rose and carmine with white, yellow and other tints.

Baltimore Belle. Your yard is not complete without this grand Rose. Will grow 15 feet in one year, and be covered with clusters of large double flowers of a pale blush color.

Trier. Creamy white, center of flowers filled with yellow anthers.

Prairie Queen. A favorite everywhere. If you want a Rose for your porch, this is the one. Bright red, changing as flower opens to deep pink.

PRICE OF CLIMBING ROSES

Small plants from pots, 20 cents each, 3 for 50 cents; 2-year-old out-door grown, 40 cents each. Extra strong, 50 cents each.

HYDRANGEAS

Paniculata Grandiflora. Tens of thousands of these notable summer and autumn-flowering shrubs have been sold the past few years and the demand is still good. They are absolutely hardy, grown in any soil, and bloom the same year they are set out. They flower abundantly, bearing immense panicles of bloom, white at first, and turning to rose in autumn. To make a fine specimen, the soil should be as carefully prepared as for any shrubs. Annual shortening of the branches tends to increase the size of the flowers. One-year-old plants, 25 cents each, 5 for \$1, \$2 per dozen, \$12 per 100. Two-year old, 3 to 4 feet, 50 cents each, \$5 per dozen, \$30 per 100.

Hydrangea. Tree Form. Branched like a little tree, very ornamental. 3 to 5 feet high, 75 cents each.

New Hydrangea Snowball. This magnificent hardy American shrub is the very finest addition to this class of plants found in many a year. The blooms are of large size, of pure snow white color, and the foliage is finely finished, lacking the coarseness found in *Paniculata*. One of its most valuable characteristics is its coming into bloom just after the passing of all the early shrubs, while its long season of bloom, from early June through August, renders it doubly valuable to every owner of a garden; perfectly hardy, standing 20 degrees below zero. The form of the panicle is much like that of *Hydrangea Hortensis*. 20 cents each; large two-year-old plants, 50 cents each.

SPIREA

All the *Spireas* bloom with a riotous extravagance which makes them quite striking. Their individual style, color and habits of growth differ so markedly, that a collection of varieties will insure bloom the entire season and still evade the monotony of repetition.

Van Houtel. The most showy of all *Spireas* and one of the best flowering shrubs in cultivation. The plant is a rather tall, upright grower, with long, slender branches that droop gracefully with their weight of foliage and flowers. Flowers pure white in great clusters and whorls forming cylindrical plumes two feet long. Few shrubs present a more charming appearance. Blooms freely when very small. Small size, 18 to 24 inches, 15 cents each, \$1.50 per dozen, \$10 per 100; 24 to 30 inches, bushy, 25 cents each, \$2.50 per dozen, \$15 per 100; extra large, 50 cents each, \$5 per dozen.

Billardi. Pink flowers; in bloom nearly all summer. Fine for planting in masses. 30 cents each.

Golden Leaved Aurea. Foliage golden tinted, very effective massed or among other shrubs. Flowers are white. Blooms in June. 30 cents each.

Antony Waterer. A bright crimson. It is also dwarf and dense in growth. When scarcely 3 inches high it begins blooming and thereafter is seldom out of flower. Grows 3 feet high and wide, and will be covered with flower heads 6 inches across. It is also perfectly hardy and will stand the most severe winter with slight protection. Small size, 25 cents each, large size, 50 cents each.

Prunifolia Fl. Pl. Plum leaved, tall growing. Blooms early, very effective with its long graceful curving branches covered their entire length with small, double white flowers. 40 cents each.

Thumbergi. Forms a dense feathery bush; foliage in autumn changing to bright red and orange. Flowers pure white, borne in feathery masses in June. 40 cents each.

Hedge of *Hydrangea paniculata grandiflora*

Double French Lilacs

DOUBLE FRENCH LILACS

Chas. X. A strong, rapid-growing variety with large, shining leaves; trusses large, of reddish purple. 60 cents each.

Josikaea. Dark lilac-colored flowers; blooms in June. 60 cents each.

Madame Lemoine. Double, pure white; borne in large clusters. 60 cents each.

Michael Bushner. Beautiful light lilac. 60 cents each.

LILAC

Old-fashioned purple varieties, 20c each.

Old-fashioned white varieties, 20c each.

**VIBURNUM STERILIS
(Snowball.)**

The old, well-known snowball; hardy everywhere. 25 cents each; largest size, 50 cents.

TAMARIX

Africana. A beautiful shrub with small leaves, similar to a Juniper; flowers pink, small and delicate; borne on long spikes in May. 35 cts.

PHILADELPHUS, SYRINGA, or MOCK ORANGE

Coronarius. Beautiful free-flowering shrubs, bearing large panicles of pure white, fragrant flowers; very strong growers. 30 cents each.

Lemoinei. Dwarf, sturdy, erect growth, creamy white, fragrant flowers. 35 cents each.

WEIGELIAS

Candida. White flowering variety, flowers throughout the summer. 30 cents each.

Eva Rathke. Brilliant crimson, flowering throughout the summer. 40 cents.

Rosea. Rose colored flowers, in June and July.

Variegata. Leaves beautiful, margined pure white. Flowers pink. 40 cents each.

SPECIAL OFFER: One each of Weigelias for \$1.25.

MAKE YOUR HOME BEAUTIFUL BY PLANTING HARDY CLIMBING VINES, PLANTS AND SHRUBS

HARDY CLIMBING PLANTS

If you have a vine covered fence of Woodbine, Bittersweet, Honeysuckle, or other vine—try a Trumpet Vine at each post or regular interval. The effect is very striking and attractive.

Clematis Paniculata

APIOS

Tuberosa. Clusters of rich, deep purple flowers, which have a strong violet fragrance. 10 cents each, 25 cents for 3.

BIGNONIA

(Trumpet Vine)

Radicans (Trumpet Creeper.) Flowers are large, orange scarlet. Very useful for covering undesirable places, as it is a strong grower and very hardy. 25 cents each, 5 for \$1.

CINNAMON VINE

A fine, hardy climber. Flowers of a cinnamon fragrance. Therefore called "Cinnamon Vine." 10 cents each.

LONICERA

(Honeysuckle)

Halliana. (Hall's Honeysuckle.) Color white, changing to yellow; very fragrant. Blooms from June to November.

Punica. (Scarlet Trumpet. Strong, rapid grower. Blooms very freely the entire season. Bright red trumpet-shaped flowers.

Flava. (Yellow Sweet.) Bright yellow and orange; fine for porches and pillars.

Price of Honeysuckles: Strong, outdoor-grown plants, 30 cents each, 4 for \$1.00.

CELASTRUS SCANDENS

(Bittersweet)

Handsome, glossy foliage and large clusters of beautiful orange crimson fruits retained all winter. Its graceful sprays of berries make charming winter house decorations, 2-year, 40c.

CLEMATIS

They are perfectly hardy and of rapid growth, attaining a height of 15 feet and blooming the greater part of the summer and fall. The effect produced by a well-grown plant when in bloom is grand.

SPECIAL NOTICE. On account of the brittleness of the bark on the Clematis, it cracks very easily and many people believe the plant to be permanently injured when such is not the case. We wish to say, also, that we examine all plants carefully before shipping to see that they are in good condition and if they die after being planted, as must sometimes happen, we do not agree to replace them.

CLEMATIS PANICULATA

Paniculata. One of the very best vines to grow near the house, as they are free from insects, and remain neat looking throughout the whole summer. It will grow against any outbuilding, trellis, over any place, up a pole, pillar or stump. The flowers are of medium size, pure white, borne in immense sheets, and of a delicate and penetrating fragrance, appearing late in September, at a season when few other vines are in bloom. The extreme rapidity of growth, the showy foliage, beautiful and fragrant flowers, the hardiness, serve to make this one of the very choicest of recent productions. We have a very large stock of pot-grown plants. Small 3-inch pot plants, 20 cents each, 3 for 50 cents; two-year-old, 40 cents each, 3 for \$1.00.

LARGE FLOWERING VARIETIES

Notice. Plant in good, rich soil, away from any drip of the roof. Protect in winter with coarse mulch of straw manure.

Jackmani. Deep violet purple. The best.

Henryi. Pure white; one of the best.

Duchess of Edinburgh. One of the best double whites. Of vigorous habits.

Madame Baron Villard. Light rose and lilac.

Ville de Lyon. Magnificent brilliant crimson.

Gypsy Queen. A rich, dark velvety purple.

Price of large varieties, strong 2-year-old plants, 65 cents each, 6 for \$3.50.

Coccinea. Bell-shaped flowers, bright coral red; blooms from June until frost. 30 cents.

Crispif. Fine deep blue, with white border; fragrant. 30 cents each.

HOP VINE

A vigorous hardy, ornamental vine for covering old trees, outbuildings, fences, etc. Produces the hops of commerce. Each, 15 cents; dozen, \$1.00.

LYCIUM

Chinese (Chinese Matrimony Vine.) A vigorous growing hardy climbing vine that may be used anywhere that a vine is needed for training to trellis, fence or wall. Small purple flowers and are followed by brilliant scarlet berries. 30 cents each.

PERIPLOCA GRAECA

(Silk Vine)

A rapid-growing, beautiful climber, with glossy green lanceolate foliage. Fine for arbors or trellises. Strong two-year, 50 cents.

WISTARIA

This is one of the most popular hardy vines, growing very rapidly, climbing to a height of 50 feet or more. When in bloom it is truly magnificent. It flowers in early spring in long, drooping racemes, resembling in size and shape a bunch of grapes.

Magnifica. Pale blue. 30 cents each.

Simensis Alba. Pure white, sometimes tinted light blue. 60 cents each.

SPECIAL OFFER — Twelve Hardy Climbing Vines, all different, including three Clematis, for \$2.50; all strong, two-year-old plants.

ARISTOLCHIA SIPHO

(Dutchman's Pipe.) Brownish flowers, resembling a miniature pipe; splendid for archways or verandas. Extra strong, by express, 60 cents each.

THE JAPAN OR BOSTON IVY

(*Ampelopsis Veitchii*.) The grandest hardy climbing vine in existence for covering houses, churches, schools, etc. Its glossy ivy leaves overlap each other and its long, delicate young shoots stretch up the walls with free and rapid growth. The tendrils at nearly every point cling firmly to the smoothest surface of rock or wood. The glossy leaves assume in the autumn the most beautiful tints of scarlet and crimson. The handsomest vine possible for growth on brick walls. Small plants, 20 cents each, 50 cents for 3; larger plants, 30 cents each; large 3-year-old plants, 60 cents each, \$6.00 per dozen.

Ampelopsis Quinquefolia. (American Ivy, Woodbine, Virginia Creeper, etc.) Deeply cut leaves which turn to a beautiful crimson in fall; fine for covering trees, rocky slopes, walls, etc. 2-year, 25 cents each, 5 for \$1.00.

Ampelopsis Englemanni. Similar to above but with smaller, denser foliage. 35 cents each.

AKEBIA

Quinata. A beautiful hardy climbing vine. It often grows 15 feet in a year and produces throughout the season large clusters of fragrant flowers, resembling Forget-me-nots. Two-year-old, strong plants, 35 cents each.

Japan or Boston Ivy (*Ampelopsis Veitchii*)

HARDY PERENNIAL PLANTS

PEONIES

Once Planted They Will Last a Lifetime.

There is no hardy perennial which equals the Peony in beauty and usefulness. Once planted, the plants and flowers increase in size and beauty with age. They are as hardy as oaks and as handsome (many as fragrant) as roses. When the plants are through blooming they are as handsome and ornamental as most of the hardy shrubs. The plants are practically immune from insects. We would advise our customers to **beware cheap Peonies**. An inferior variety will take as much care and space as a choice one, and the cost of a Peony is nothing compared with the disappointment after years of waiting.

Planting. An important point to observe is not to plant too deeply. The roots should be placed so that the crowns (or eyes) are covered with two or three inches of soil. Planting too deep is often cause of shy blooming.

Plant with southwest or west exposure.

Plant as early as possible in the spring, as they sprout very quickly. If order is received too late for planting we will hold that part of order and deliver in early Fall.

Our list contains the very best and most dependable varieties.

Festiva Maxima

Baroness Rothchilde. Outer petals silvery rose, center purplish lilac.

Clarissa. Rosy pink, outer petals large.

Francis Ortegat. Brilliant crimson, very double.

Fulgida. Purplish red.

Festiva Maxima. The best known Peony. Flower of immense size, snow white, with some red spots on the edges of the center petals. Very sweet. Early. 50 cents each.

Grandiflora. Bright flesh or pink; large, late.

Grandiflora Rubra. Rich red, of large size and long stem.

Duchess Devonshire. Fine, pure white.

La Esperance. Very early pink; fragrant.

Louis Van Houtte. Dark crimson, very compact.

La Martine. Bright red.

Hamel. Bright, deep rose. Late flowering.

Gen. Bertrand. Pink, globe-shaped, fine bud.

Officinalis Rubra. The old-fashioned very early; deep crimson.

Reevesii. Delicate rose fringed center.

Reine Hortense. Pink and lilac.

Rubra Triumphant. Brilliant crimson, showing yellow stamens; large, early. 40 cents each.

Rosea Elegans. Soft pink, shaded salmon and lilac.
